NAAC RE-ACCREDITED "B"++ Grade College

2.7 Student Satisfaction Survey 2022-23

A questionnaire containing 21 questions on teaching, learning and evaluation as well as overall development of the college was prepared for Student Satisfaction Survey. A Google form was prepared and the link was shared among students for getting their response. Total 356 students responded to the survey. All classes of UG and PG of the three streams i.e. Arts, Science and Commerce participated in the survey voluntarily approximately in the same proportion except marginal variation. Almost all of them were attending the survey for the first time in this academic year. Another noticeable feature of the survey is that the percentage of female and male students is equal.

Above 90% students have responded that they are satisfied with teaching, learning and evaluation done by the faculty. There are few positive suggestions like project and field work activities should be increased. It is noted by the institute and would be implemented in the next academic year.
